“Greece expects you not merely to die for her, for that is little, indeed; she expects you to conquer. That is why each one of you, even in dying, should be possessed by one thought alone - how to conserve your strength to the last so that those who survive may conquer. And you will conquer, I am more than sure of this.”
Eleftherios K. Venizelos

You are respectfully invited to join us in honoring our Ethnarch and our only Honorary President on the solemn occasion of the 90th anniversary of his passing.
